**Series de Tiempo  
de Mortalidad**

Septiembre 2008

## *Tabla de Contenido*

<i>NOTA INTRODUCTORIA</i> .....	1
MORTALIDAD POR ENFERMEDADES DEL CORAZÓN (1970 - 2007).....	2
MORTALIDAD POR ENFERMEDAD ISQUÉMICA DEL CORAZÓN (1970 – 2007).....	3
MORTALIDAD POR TUMORES MALIGNOS (1970-2007).....	4
MORTALIDAD POR ENFERMEDAD CEREBROVASCULAR (1970 – 2007).....	5
MORTALIDAD POR ACCIDENTES (1970 – 2007).....	6
MORTALIDAD POR ACCIDENTES DE TRANSPORTE (1970 – 2007).....	7
MORTALIDAD POR CAIDAS ACCIDENTALES (1970 – 2007).....	8
MORTALIDAD POR EXPOSICIÓN AL HUMO, FUEGO Y LLAMAS (1970 - 2007).....	9
MORTALIDAD POR LESIONES AUTOINFLIGIDAS INTENCIONALMENTE (1970 - 2007).....	11
MORTALIDAD POR AGRESIONES (1970 – 2007).....	12
MORTALIDAD POR DIABETES MELLITUS (1970 - 2007).....	13

## NOTA INTRODUCTORIA

*La Dirección Nacional de Estadística del MINSAP ofrece por tercera vez la publicación "Series de Tiempo de Mortalidad" en la que se presenta información organizada según variables para los Años 1970 – 2007. La primera publicación de este tipo se emitió en el año 1998 y es nuestro propósito actualizar sistemáticamente las publicaciones sobre series históricas cada dos o tres años, con indicadores oficiales a fin de potenciar el uso de la información disponible.*

*Se presentan tasas brutas y ajustadas, estas últimas utilizando la población tipo del censo cubano de 1981.*

*Se relacionan a continuación las causas de muerte consideradas:*

***Enfermedades del corazón, Enfermedad isquémica del corazón, Tumores malignos, Enfermedades cerebrovasculares, Accidentes, Accidentes de transporte, Caídas accidentales, Exposición al humo fuego y llamas, Ahogamiento y sumersión accidentales, Lesiones autoinfligidas intencionalmente, Agresiones y Diabetes mellitus.***

*Deseamos que esta publicación satisfaga necesidades de información y contribuya al quehacer en las diferentes ramas de la actividad de salud. Invitamos a los usuarios a que nos hagan llegar sus opiniones y / o sugerencias.*
